- Kebersihan sekolah baik, akan tetapi di beberapa kelas masih ada siswa yang membuang sampah tidak sesuai pada tempatnya dan ada beberapa ruangan, seperti gudang yang tidak tertata dengan baik. Sumber airnya bersih, tidak berbau dan tidak berwarna. Kondisi kantin di sekolah sudah tidak digunakan, kantin ditutup dan nampak kotor dari luar. Dengan tidak adanya kantin, anak-anak sering membeli jajanan di sekitar sekolah yang kurang higienis. Tempat sampah juga tidak tertata dengan rapi dan masing-masing kelas tidak diberikan tempat sampah.

The image shows a Zoom meeting interface. The main window displays a presentation slide titled "presjur bullying fix.pptx". The slide content reads: "If applicable, based on the journals we reviewed, RPG is effective in reducing bullying behavior by increasing empathy. During the first stage (pretest), children were assessed (using three scales) for levels of empathy, aggressive behavior, and school bullying. Six weeks later, following our intervention, participants were asked to respond to the measures (posttest). The posttest was performed six weeks after the final intervention session (ie, RPG vs control group). Debriefing is done to collect feedback from the participants and to answer any questions. Participants who did not participate in an intervention session or in the posttest were excluded from the final sample." Below the text, there is a section titled "JOURNAL 1" with a sub-section "Citation" containing the text: "The Influence of Group Counseling Services (Role Playing) in Overcoming Bullying".

On the right side of the Zoom window, there is a vertical list of participant avatars. From top to bottom, the participants are: Ena Walyani, Krana Piji Ramadhani Kha..., Raden Ajeng Azza Ra..., Nur Sanji Rotimah, EM (Erika Lulu Makurah), and a globe icon.

At the bottom of the Zoom window, there is a control bar with a progress indicator showing 26:35 / 58:54, and icons for mute, video, chat, and other meeting controls.
